

Instructions for Accessing and Viewing the Award Transaction Summary

1. Click on the **Award Transaction Summary** link from **Zotportal** > Research > Kual Research Award, **OR**, access the link from the automated email that is sent to PI and Dept Admin when the Award is finalized by Sponsored Projects.

The **Award Transaction Summary** is accessible with a valid UCINetId. When accessing the report form off campus, you will need to securely connect through a UCI VPN. For instructions on accessing the VPN, please visit the OIT Web page: <https://www.oit.uci.edu/help/vpn/>.

The screenshot shows the UCI Research Portal interface. The top navigation bar includes 'Faculty & Staff', 'Student', and 'More'. Below this, a secondary navigation bar has 'Main', 'Applications', 'Work/Life', 'Facilities/Safety', 'Research', 'Finances/KFS', and 'Decision Support'. The 'Research' section is expanded, showing several sub-sections: 'Kuali Research Proposals', 'Kuali Research Award', 'Kuali Research Negotiations', 'Research News', 'Tools & Support', and 'Research Protections'. The 'Kuali Research Award' section is highlighted, and within it, the 'Award Transaction Search' link is highlighted in yellow. Other links in this section include 'Create an Award', 'Award Search', 'Create a Subaward', and 'CG Accounting Workload Report'.

2. This will take you to the **Award Transaction Summary** search prompt below. Enter the Sponsor Award Number OR the KR Document Number. (Both numbers can be found on the automated email that is sent to PI and Dept Admin when the Award is finalized by Sponsored Projects.)

Enter the **Sponsor Award Number** to display ALL transactions belonging to that Award.

Enter the **KR Document Number** to display the transaction only that was processed by SPA.

Click **Submit** to run the search.

The screenshot shows the 'Award Transaction Summary' search form. At the top left is the UCI Office of Research logo. The title 'Award Transaction Summary' is centered. Below the title, a red prompt states: 'At least one of the following prompts are required: Sponsor Award Number or Document Number'. The word 'Award' is centered below the prompt. There are two input fields: 'Enter the Sponsor Award Number:' and 'Enter the Document Number:'. Below these fields is a 'Submit' button.

(Cont. to next page)

3. Results are displayed in chronological order, with the oldest transaction at the top. Results are grouped by Principal Investigator name and Lead Unit(s). At this time, you can only search for one Award at a time.

100009-00006	GM101390	Doc #2453131 / Continuation / Mod 08 / 10/9/2019	Notice of Award Doc

Here is an explanation of the columns.

- **Sponsor** – Entity that is funding the award.
- **IP Nbr** – The Institutional Proposal (IP) Number is the official proposal of record. The Proposal Development Document can be linked back to the IP Number.
- **Legacy Proposal Number** – If this award was imported to KR Award from the SPA Legacy system, it will contain a Legacy Proposal number. For old awards where the proposal was submitted outside of KR/KC (prior to the KC/KR implementation), there may be a legacy proposal number.
- **Sponsor Award Nbr** – This is the award number that is assigned by the sponsor. This field is required.
- **Mod Nbr** – This is the modification number that is assigned by the sponsor. This is optional.
- **KR Doc Nbr** – This is the auto-assigned KR document number that belongs to the KR Award transaction. You can provide this number to the SPA Officer if you want them to look at this exact transaction in KR Award.
- **KR Award Nbr** – This is another auto-assigned KR number but it refers to the entire award family (100009 plus sequence number (00003).
- **Version** – Depending on the type of transaction processed by SPA, it may be assigned a Version number.

(Cont. to next page)

- **Transaction Type** – this is the transaction type that SPA has assigned to this transaction. Previously known as Action Type.
 - **Finalize Date** - this is the date that the SPA Officer finished with the KR Award transaction and clicked “submit” in the KR Award system. A nightly batch process will make it available in this Award Transaction Summary search results the next day. For example, if SPA Officer clicked “submit” on Monday, the transaction will show up in this Award Transaction Search on Tuesday morning.
 - **Total Costs** – Each line represents the Total Cost (Direct + F&A) for that transaction only. The sum total of the entire award is displayed in the Overall Total in the blue bar beneath all the transactions.
 - **Cost Share Amount** – The cost share amount listed is the cost share commitment *to date* for that transaction.
4. Click on the [Award Transaction Summary](#) link (last column) to view the Award Transaction Summary PDF. This document replaces the e-Synopsis printout. See screenshot of the Award Transaction Summary PDF in **Exhibit 1**.

(Cont. to next page)

5. The section beneath the list of award transactions is the **Award Attachment Repository**. This section displays all of the Award Attachments associated with the award. (The Award attachment is the Notice of Award document issued by the sponsor, which is uploaded by SPA as part of the award record.) Select an attachment to view for this transaction. SPA will enter a description with the KR Doc Number so that you know which attachment pertains to this transaction, as many awards have multiple cycles/attachments.
